Travel Insurance Policy

Employee Summary and Members' Guide

Some important facts about the Europesure Group Business Travel Insurance are summarised below. This summary does not form part of the contract and does not describe all the terms and conditions of your policy, so please take time to read the policy wording and policy documents to make sure you understand the cover it provides. A copy of the full policy wording has been supplied to your employer and you can obtain a copy from them, if you do not already have one.

Statement of Demands and Needs

This is a travel insurance policy that is designed, subject to the terms, conditions and exclusions contained in the policy wording to meet the general demands and needs of a company (the Policyholder) who wishes to provide cover for their employees (you) for insurance protection for risks relating to trips undertaken on their behalf. It may not be suitable for all employees' demands and needs. When you receive this document, you should also receive a copy of the full policy wording. It is important that you read it carefully to ensure that you have understood the cover and what will and will not be covered. If there are any terms, conditions, exclusions or limitations which make the cover unsuitable for you, you should tell your employer immediately, so that they can contact us for further information or action.

This is not a private medical insurance and only gives cover in the event of an accident or Illness that requires emergency treatment whilst abroad. In the event of any medical treatment becoming necessary which results in a claim under this insurance, you will be expected to allow the insurance company or their representatives unrestricted reasonable access to your medical records and information.

When your employer (the Policyholder) starts the policy and names you in the schedule of insurance, they must give you, as well as this document, a copy of the full policy wording and a copy of the schedule of insurance which sets out the levels of cover they have chosen as well as the dates when the cover applies. You will need this information in the event that you need to submit a claim. It is important that you check the cover available under the policy for any personal effects that you may be taking with you on a trip. If any of your personal possessions are more valuable than the sums insured offered by this policy, you must make sure that you insure them separately. The Europesure Group Business Travel Insurance will only pay up to the levels of cover that have been chosen for you by your employer and which are shown in the schedule of insurance.
